HS13-0054

HS13-0054

Manage Your Workforce and Access Control Effortlessly.

Introduction

HS13-0054 is a face identification T&A terminal with simple access control functions, which can connect with 3rd party electric lock, door sensor, and exit button. Face, PIN and RFID recognition modes are available. HS13-0054 captures the relative position, size and shape of the user's eyes, nose, cheekbones, and jaw features to ensure accuracy of the identification. All the settings can be easily done on 3-inch TFT touch screen. With a HS13-0054 you can manage your workforce and access control efficiently.
